MEMORANDUM FOR: Ch/CCS
Ch/DMD

SUBJECT: Photographic Collection Function

1. Pursuant to verbal instructions given you on 29 March 1960 at a special staff meeting on organization, you are requested to jointly effect the transfer of the Center's photographic collection function from CCS to DMD.

2. This action calls for close collaboration between concerned personnel of both components to insure that the function is not disrupted because of the transfer.

3. Discussion of the subject at the staff meeting leads me to conclude that there is mutual agreement that a personnel transfer is unnecessary at this time.

4. Your prompt action in effecting the functional reassignment is requested.
